Edition 2023

Pixel .

System

Close pixels according to system design guidelines and thereby create patterns and logo's. Base pixel screen is open (fully closed screens have additional charge).

As a service, a 3D model of the product is generated based on the dimension given by the client/designer.

Brick

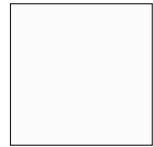

Material: Circular & bio-based

Colors: Standard colors included in pricing; custom colors +€ 1200,- per project

Info: www.aectual.com/systems/pixel-brick

Pattern: Custom pattern outside of system guidelines possible for additional design & development price per project; from +€4000

Pricing: Unit prices on request / based on the client's budget, the product can be value engineered when necessary / Prices other product lines within this system are indicative

Gradient .

System

Cells gradually open or close according to system design guidelines and thereby create gradual effect, patterns and logo's.
As a service, a 3D model of the product is generated based on the dimension given by the client/designer.
